# INDUSTRY SPECIFIC FIRST AID

## BESPOKE COURSE DESIGNED FOR YOUR INDUSTRY

Upon consultation we can help you identify industry specific risk areas, using this information we will build you a tailored course. This course may have RQF elements and will get you inline with the Health and Safety Executive requirements and H&S at Work Act. A tailored course can be any of the above course's with added on subjects or it can be a completely unique syllabus. We understand that your industry may have specific needs or risks and there is no 'one course fits all', For this reason we can combine any of the below subjects to create a course that suits your requirements. If what you need is not listed we might still be able to provide it.

- Legalities, responsibilities and reporting
- Airway Management
- Control of bleeding
- Emergency planning and remote medical assistance
- Catastrophic Bleeding Control
- Crush injuries
- Effects of extreme cold
- Lyme disease
- Poisoning
- Asthma
- Dealing with an unresponsive casualty
- Shock (including Anaphylaxis)
- Bandaging
- Diabetes
- Fractures and spinal injuries
- Heart attacks
- Choking
- Stroke
- Resuscitation and AED awareness
- Head injuries
- Eye injuries
- Burns
- Assessment of the situation
- Sprains and strains
- Chest injuries
- Epilepsy
- Suspension trauma (working at height's injuries)

**Certification** The qualification is valid for three years from the date of achievement. It is strongly recommended by the Health and Safety Executive that the learner attends annual refresher training.

**Price per course:** bespoke Quotes can be requested via E-mail.
