First Aid Specialists

# CPR & AED LEVEL 2

## FAA LEVEL 2 AWARD IN BASIC LIFE SUPPORT AND SAFE USE OF AN AUTOMATED EXTERNAL DEFIBRILLATOR (RQF)

The qualification is primarily for learners who have a responsibility at work or are involved in voluntary and community activities having access to an AED. A learner will gain the knowledge and practical competence required to be able to recognise and treat someone who has suffered cardiac arrest and to respond quickly, calmly, and confidently.

**Entry Requirements** The qualification is available to learners aged 14 or over but a learner cannot assume the responsibility of being a first aider in the workplace until they reach the age of 16. It is recommended that learners hold a minimum of level 1 in literacy or equivalent to undertake this qualification. Due to practical elements of this course Learners will need to be able to perform CPR on the floor.

**Qualification Delivery** The qualification has 4 assigned guided learning hours (GLH). GLH indicates the number of contact hours that the learner will undertake being taught or assessed under the immediate guidance or supervision of the trainer/assessor in the classroom. The minimum classroom contact time of 4 hours can be delivered in half a day or can be completed over a maximum of 2 weeks ensuring that each session is a minimum of two hours. The learner ratio for the qualification is a maximum of 12 learners to 1 trainer/assessor

**Certification** The qualification is valid for three years from the date of achievement. It is strongly recommended by the Health and Safety Executive that the learner attends annual refresher training.

**Price per course:** bespoke Quotes can be requested via E-mail.
